

26 Watt Street WINDERMERE PARK NSW

2 1

Affordable homes in our area usually mean homes that require structural work or small blocks of land with no room to extend or no off street parking, HOWEVER, we believe 26 Watt Street to be the exception to the rule. Positioned on the high side of the street with curb and guttering, this solid home built in 1987 may only be small in size but positioned on 695m² the property offers endless possibilities. There is ample room for rear yard access perfect if you have a boat or caravan, room for a double garage and heaps of room to one day extend, with this elevated but level block back onto bash land reserve at rear meaning you will never feel hemmed in. Internally the ceilings are high and the home presents in original but well maintained condition, both bedrooms are a fair size, there is a open lounge and dining as well as a very functional

Type : House
Land Size : 695 sqm
